> It is only about three years since this preparation was first presented to the public: but in that they believed that their lives were saved by it, and in most cases after they had tried many perhaps all the common remedies in vain. Whe

The value of the Panacea, is most conspicuous in those long standing and obstinate syphilitic and scrofulous affections which have defided all other remedies, and particularly in those cases where mercury has been so lavishly used as to cause distressing pains in the bones, nodes, mercurial ulcers, derangement of the digestive organs, &c These it completely removes and in all cases ! entirely eradicates the disease and the effects o mercury, renovates the constitution, and leave For knapsacks and camp equipage, au- lots to which such person is entitled, the re-the patient sound and well. In Rheumatisms and ceiver shall grant a receipt therefor, and is- in ulterated sore throat, its happy effects are not thorized by the act approved nineteenth of sue certificates of purchase, to be transmit-less apparent, giving almost immediate relief.

Taken in proper doses, THE INDIAN'S PANACRA perates as an alternative, and detergent; a diar-horetic, diuretic and laxative; an antipasmodic and anodyne, and in proper cases, as a sto to the stomach, and excites action in the glands in a particular manner. From these principles its operation may be understood.

This medicine has been found highly useful in many ambiguous diseases not here specified, and it has been used with wonderful success as a Spring and Fall purifier, by those who are subject to complaints of the chest, and whose constitutions require new vigor. Buch persons will do well to ise two or three bottles in small doses. Wherever adict drink is considered necessary, the Panacea taken in a small dose, will answer all its purposes in much less time, at less expense, and in a lar more agreeable manuer, than the common diet

ty over the syrups in common use.

CASES OF RHEUMATISM.

New York, Sept 10, 1830. This may certify, that in the fall of 1825, I was wized with a swelling in my neck and face, which afterwards ulcerated and became large ghastly ul-cers in my neck. After trying several Physicians to no advantage, I wentto Philadelphia, and placed myself under the care of Drs. Physic and Beach, when, after repeated salivation to no effect, I was pronounced totally incurable. Afterwards I took twenty bottles of Swain's Panacea and eight bottles of Potter's Catholicon, with no material benefit. Despating of life, which had now become a burthen to me, I returned to my parents in New York in 1829, and gave myself up to a lingering death: Ifearing of the great success of THE ISDIAN'S "A-NACEA, however, in cases similar to my own, I was persuaded to try it, as a last resort. To my great surprise as well as satisfiction, I soon found rapidly recovering and upon taking seven boiles, the alters healed and became perfectly well in the course of two months, and have remained so ever since. I make this statement and wish it published for the benefit of those who are suffering under similes scrofelous or symplific affections, that they may know what has cured one who has suffered overy thing but death, and who considers his life saved by the above syrup. WM. HINHAN. The above Medicine may be had at WILLIAM REYNOLDS DRUG STORE, CAMDEN, S. C.

LIVER COMPLAINTS:

R. PETERS' VEGETABLE MEDICINE more agreeable manner, than the common diet drink.

The following certificates, out of hundreds similar which might be procured, are given to show the effect of THE ISDIAN'S PANACEA, in the various complaints therein mentioned; and also to exhibit in the most satisfactory manner its superiority over the syrups in commonruse.

CASES OF RHELIMATISM

CHARLESTON, Nov. 15, 1831.

During the last winter and spring. I was afflicted with a very severe and distressing Rheumatism occasioned by exposure in bad weather. I now take great pleasure in stating, that six bottles of time Indian's Panacca, restored me to perfect health, and I confidently recommend it to all similarly afflicted.

JOHN FERGUSON, King-st.

GHARLESTON, March 27, 1832.

I was seized about three years since with a distressing Rheumatism caused by taking a severe sold while under the influence of mercury, and which has disabled me from business nearly ever since. During this period I have been a patient in the Marine Hospital in this City, upwards of four months nearly, and the same length of time in the Baltimore Hospital in this City, upwards of four months nearly, and the same length of time in the Baltimore Hospital in this City, upwards of four months nearly, and the same length of time in the Baltimore Hospital in this City, upwards of four months nearly, and the same length of time in the Baltimore Hospital in this City, upwards of four months nearly, and the same length of time in the Baltimore Hospital in this City, upwards of four months nearly, and the same length of time in the Baltimore Hospital in this City, upwards of four months nearly, and the same length of time in the Baltimore Hospital in this City, upwards of four months nearly, and the same length of time in the Baltimore Hospital in this City, upwards of four months nearly, and the same length of time in the Tanacca, restored me to perfect the stomach melanchology inratibility, disagrecable complaints, are Flatulency, southess or Dyspeptia, and Liver-complaints, are Flatulency, southess or Dyspeptia, the stomach which is sometime, sometime

These medecines have been found so effectual in removing the complaints for which they are recom-mended, that physicians frequently having ex-banated all their skill, to juttle or no purpose.

> DR. PETERS Anti Bilious Pills.

These pills are composed entirely of regetable These pills are composed, entirely of regetable matter, and when taken according to the directions which accompany them, are highly beneficial in the cure and prevention of all fillious complaints. They act especially unpon the liver, when in a torpid condition, carrying off a large quantity of bile, through the influence of the excement function, which it suffered to remain in the system, would produce either Jaundice, Liver Complaint, Billions Young Ferret and Ague, or some other Billious Fever Fever and Ague, or some other grievous bodily affliction. In all cases of torpur at the bowels, they act like a charm.

As an auti dyspeptic and dinner pill they we it valuable. Many persons who were subject sivele lent attacks of sick headache have been perfectly oured in a few weeks by their use. Those who are subject to that distressing comprising, sca sickness by taking a portion or two of them a few days previous to embarking on board the vessel, will be alvious to embarking on board the vessel, will be almost certain to escape it. Females can use them at all periods, without incurring any risk. Persons going to see or to a southern climate, should by all means take some of these pills with them. Their virtues will remain unimpaired for years in any elimate. No family should be without these pills, aportion of them, taken occasionally, would be the means of preventing much suffering from sceness it is from registed of keeping up a resular periodallic. It is from neglect of keeping up a regular peristation action of the stowards and bowels, thus suffering to be absorbed and mingled with the blood; unas lated fluids, that most diseases are produced. Dr. P. feels confident that no person who gives these pills a fair trial, will ever after feel willing to be
